SANBORN'S

MEREDITH NECK

Mrs. J. W. Wiggin is visiting relatives in Franklin Falls.

Mr. Webster and party are at his camp on the Neck.

Geo. Murray and party are stopping at the Bear Island House for a few days.

The cemetery fund continues to grow. The treasurer has received, in addition to the sum reported last week, from Mrs. Geo. S. Bickford, $5, and from Mrs. Susan M. Cawley, $5.

C. B. Hibbard and wife of Laconia and Mrs. J. F. Beede of Meredith spent Sunday at their camp on the Neck.

SIXTEEN YEARS OF CATARRH.

Well Known Massachusetts Woman Cured by Hyomei.

How to cure catarrh has been a problem in medicine for many years that was not solved until the discovery of Hyomei. This remarkable treatment makes it possible for any one to breathe an air at home which is almost identical with that of the Adirondacks, the Carolinas or other health resorts where the air is impregnated with healing balsams from health giving trees and plants.

Simply place a little Hyomei in the inhaler which comes with every outfit, breathe it occasionally during the day and benefit will be seen after its use for only two or three times, while perseverance for a few days or weeks will effect a complete cure of even the worst case of catarrh.

Mrs. Elvira E. A. Gibson, who holds a responsible position in the great dry goods store of Jordan, Marsh & Co., of Boston, wrote in April: "I had catarrh for twenty years, and the last ten years, (all of which has been passed in this great establishment) I suffered fearfully. One-half dozen handkerchiefs per day would be used. It extended to my throat; the base of my tongue was badly affected. I constantly kept in my mouth cardamon seeds, or some such breath purifier. I could not sleep with my mouth closed. I began using Hyomei in December and in two weeks I was entirely—and now, after four months and no return of the disease, I can say permanently—cured. The head of this firm, Mr. Jordan, endorses this statement."

George F. Sanborn has sold hundreds of Hyomei outfits, consisting of an inhaler, a medicine dropper and a bottle of Hyomei, and with every purchase has given his personal guarantee to refund the money if Hyomei did not cure. He will still sell the treatment on that plan and every catarrh sufferer ought to take advantage of his fair proposition.

MOULTONBORO.

Mrs. Chas. Garland's sister from Portsmouth, N.H., is visiting her.

Geo. Chase of Lakeport was in town over Sunday.

Russell Brown and Margaret Nickerson of Meredith were at Alvin Tilton's Sunday.

S. P. McKeen and wife are rejoicing over the birth of twins, a boy and a girl, born April 28.

T. B. Choate and wife of Meredith were in town last Saturday.

Austiss Lambert has returned from Massachusetts, where she has been spending a few weeks.

Mrs. Harry Haley has been suffering from a painful dislocation in the knee.

Mrs. Whiting of Tamworth is working at S. P. McKeen's.

Geo. Beede of Lynn, Mass., was in town over Sunday.

Mary Flanders has returned home from Meredith, where she has been at work during the winter.

Samuel Prime died at his home Monday morning after a long illness.

Chas. Blanchard and wife of Center Sandwich spent Sunday at John Slager's.

We second Sandwich on Lola Foss' restaurant and baker's shop. May she live long and make money.

CENTRE SANDWICH

While in Meredith recently the writer had occasion to step into the restaurant kept by Lola Foss and was surprised to see the change wrought in the appearance of the premises since she assumed control. A fine baker's oven of the latest pattern has been put in and the services of a first-class baker, who turns out dainty pastry and fine bread, secured. Appetizing meals are served at much less than hotel rates. The writer hopes that Miss Foss will make a success of the venture and live long.

Judge Larkin D. Mason, 92, South Tamworth, died on Saturday.

NOTE AND COMMENT.

Next Tuesday the voters of Meredith will be called upon to decide whether liquor shall be sold legally or illegally in town. Good citizens, irrespective of politics or creed, should study the question carefully and vote as they think best. A number of business men in Meredith fear that if Laconia votes "license," which is quite certain, and this town clings to the old law, a great deal of the money now expended here will find its way to the Lake City, not only for stimulants, but for dry goods, clothing, shoes, groceries and other necessities and luxuries. The Laconia papers anticipate such a state of affairs and are quite gleeful. Said a prominent business man to the NEWS yesterday: "If voting for no license meant that no liquor could be procured by residents of Meredith I would vote for it without a moment's hesitation. But the experience of the past twenty years has taught me it means no such thing. Light ales will be almost unknown, but whiskey will continue to be peddled out and not a hand raised to stop it. There will be talk, of course, just as there has been in years past, but it will end in talk. I certainly do not want to see Laconia thrive at the expense of Meredith and shall vote for license." The communication on the subject in another column was written by a gentleman who, according to the best of our knowledge, has never tasted a drop of liquor in his life. By all means, reader, study the question and vote regardless of fanatical appeals on the one hand and mercenary reasons on the other.

Mrs. Hetty Green of New York and Bellows Falls, Vt., the richest woman in the world, on learning last week that in one court in Brooklyn 30 divorces were pending, fired her good, plain, common-sense mind thus: "Well, what can you expect? These women never learn to keep house. They get married and their sole ambition is to wear fine clothes, bleach their hair, wear gay ribbons and fine laces. Home is the last place they want to think of. They go parading round with their vulgar style and think they're beauties. Poor things, they never get sense. Next thing the husbands go parading around, and then the trouble begins. Then they find themselves in court. That's it. Oh, I've lived around in hotels and I know what these women are. The young folk of today have not inherited common sense."

The Angora goat is coming into favor all over the country. A carload, 101 in number was recently shipped to Pine Bush, Orange County, New York, for a New Yorker who proposes to raise goats on a large scale on his 300 acres of land near Walker Valley, and in Ewart, Michigan, a man who has 610 acres of wild land which he wishes to have cleared, has sent to Kansas City for 200 Angora goats to do the job. He has enclosed his land with a strong fence 58 inches high and built a shelter 130 feet long, and dug a well for the goats.

COMMUNICATION.

Editor NEWS:

Sunday, last, was an excellent illustration of Meredith under prohibition. We trust that our no-license friends observed the result of the liquors which were shipped into our town the Saturday previous. There were more intoxicated men on our streets during the day than upon any day in the last six months, when drink could be obtained at several places. Why? Because Saturday a large quantity of rum came into town and with it in their possession the indulgers felt under necessity to consume it all. Before the door of one of our churches last Sunday evening a drunken brawl took place. Under license these same men could have had a few drinks and their condition would not have been the disgrace that it was. Under the license law, with [illegible] could have been refused had their wives or families asked it. Under pretended prohibition a man cannot be refused drink for he will threaten to give evidence against the dealer. Intoxicating liquors will be used whether the vote of Meredith is Yes or No. We do not belittle the accursed business and we admit the suffering and crime attendant upon it, but so long as it will come into and be used in Meredith, anyway, why not make it a legitimate business and exercise a control over it under the new license law, and derive a revenue to care for the results in years to come, rather than leave it, as for the past forty years, a crime, yet winked at by press and clergy, and without control, allow it to go on. There is a business interest to be considered. If you make the man who wants a drink go to Laconia (which will have a license) for it, and the balance of his wages go to the Lake City dealers for other articles, where will your struggling local merchants get their business to pay their bills? Business is good today because we have practically had license for the past two years, except that the dealers have not had to give us a license fee from their profits. You cannot legislate a man into Heaven, neither can you make a non-drinking man of an habitual drinker by legislation. It is impossible. Only when man rises in the strength of his manhood under the hand of God, and says "I am through with drink," will temperance become an accomplished fact. Signed by

ONE WHO HATES THE ACCURSED TRAFFIC.

Editor NEWS:

Is it a crime to drink a bottle of ale? In all but three states in the Union it is not considered as such.

I respect the motives actuating the work being done by some members of the anti-Saloon League, but are all who call drinking a crime sincere, and do not some of them permit things which are more damnable than drinking? Is it proper that members of this or any other community should hold up their hands in holy horror at the thought of a man drinking or selling a bottle of beer when these very persons allow their tenements to be used as houses of questionable character, where young girls are ruined and young men injured?

NOTE AND COMMENT.

No doubt many natives of Meredith are enjoying the pleasures of paradise in the Great Beyond, but our good friend, Judge W.O. Clough, editor of the Nashua Daily Press, is even luckier than those former residents of Meredith who had to die in order to receive the reward given to those who live righteously and well here below. For Brother Clough lives in Nashua, which, according to Tit-Bits, a British publication of wide circulation, is an ideal city and deserves a larger place on the map. Tit-Bits says:

"Choose Nashua, a town of 20,000 citizens in the United States, for your abode should you desire perfect peace. Neither lawyer nor priest is to be found there. Trading, the sole business of the community, is done by the town council, and so successfully as to obviate the need of taxation. Street cleaning and road mending are undertaken by the citizens in turn, and so peace-loving are these voluntary workers that policemen are unknown."

We have had cause to worry about our Brother Lance of the Meredith News, whose illness has been mentioned in the public prints. We infer, however, from reading the following local squib of his last week, which savors more of humor than pathos, that his life and health is assured: "Clean up back yards now. Dead cats, tin cans and other refuse should be thrown into your neighbor's yard. It's a tidy habit and tends to promote neighborly feelings."—Laconia News and Critic.

Thanks, neighbor, for your solicitude. We'll remember you in our prayers.

Winston Churchill and Gov. Bachelder are not sleeping in the same cot now. Churchill blundered. In order to have dwelt in unity and love with the Bachelder administration he should have made love to Editor Putney, who appears to be "the whole push." The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by C. W. Morrison.

Relief

From Headache and Neuralgia

In a Few Minutes After Taking

Dr. Miles Anti-Pain Pills. Chronic Case Cured.

"I cannot speak to highly of your remedies and I will always tell my friends how much they have done for my husband and myself for sudden attacks of headaches, neuralgia and rheumatic pains. There is nothing equal to Dr. Miles' Anti-Pain Pills. They are simply splendid and give relief in fifteen or twenty minutes. I used to be subject to attacks of headache, which had become chronic, and I took a course of Nervine and Nerve and Liver Pills in connection with the Anti-Pain Pills. The result is I now have very little trouble in that way. My husband has also taken these remedies and praises them very highly. We always have some of both kinds of pills in the house, and do not feel that we could get along without them.—Mrs. KATE E. JOHNSON, McClellandsville, Delaware.

There are many reasons why you should take Dr. Miles' Anti-Pain Pills, but the best reason is that they will give you almost instant relief from headache or other pain. In cases of chronic headache, when the sufferer knows an attack is coming on, a Pain Pill will usually prevent it entirely. In cases of extreme nervous exhaustion, when the brain is too tired and the body too nervous to rest, an Anti-Pain Pill will sooth the nerves so that sleep may come. They never fail, yet contain no opiates and are non-laxative.

All druggists sell and guarantee Dr. Miles' Anti-Pain Pills. They are non-laxative; contain no opiates, never sold in bulk, 25 doses, 25 cents. Dr. Miles Medical Co., Elkhart, Ind.

In a Carefully Prepared Article recommends Dr. D. Kennedy's Favorite Remedy.

In a recent issue of the New York Magazine of Sanitation and Hygiene, the recognized authority on all matters pertaining to health, James H. Montgomery, M. D., says editorially:

"After a careful investigation of Dr. David Kennedy's Favorite Remedy, a specific for kidney, liver and bladder troubles, rheumatism, dyspepsia and constipation with its attendant ills, we are free to confess that a more meritorious medicine has never come under the examination of the chemical and medical experts of the New York Magazine of Sanitation and Hygiene. In fact, after the most searching tests and rigid inquiry into the record of Dr. David Kennedy's Favorite Remedy, it becomes a duty to recommend its use in unequivocal term to every reader of this journal whose complaint comes within the list of ailments which this remedy is advertised to cure. We have obtained such overwhelming proof of the efficacy of this specific—have so satisfactorily demonstrated its curative powers through personal experiments—that a care for the interests of our readers leads us to call attention to its great value."

Opinions of the Press.

The thing that puzzles a mother most about her baby is how it resembles its father and yet looks so much like both George Washington and Napoleon.—New York Press.

The London church officials who "fixed things" for the marriage of Vanderbilt are charged with grave misdemeanor by the newspapers of that place. Nothing more, however, will be heard of the affair. All such laws were made to be broken for the benefit of the man who has the price. It is far-fetched to quote homely virtues to common people when uncommon people may disregard all virtues and still be the favored ones of society.—Nashua Press.

Several of our exchanges down Strawberry bank way are talking about the New Hampshire college at Durham and saying it should have a head. The Press has not discovered what's the matter with President Murkland. In fact it has an idea when considering the up-hill task he has had during the past ten years, and the good work he has done in broadening the lines of the institution, that he has not been fairly treated. Education in the department of agriculture is all right and should be encouraged but at the same time it should not be overlooked that there are young men in the state who have not the means to go to Durtmouth and who should have the opportunity the institution has furnished in fitting them for professions. The Press doubts if the college can be made the success desired for it on purely agricultural lines. But, since President Murkland has been crowded out a new head is wanted, and so far as may be discovered in our exchanges, no one who has ability to satisfactorily fill the bill has come in sight. —Nashua Press.

The latest rumor in the newspaper world is that Mr. Munsey will sell the Boston Journal and Washington Times to William R. Hearst, who already owns great dailies of suffron hue in New York, Chicago and San Francisco by means of which he is seeking to inflate a presidential boom for himself. It would be something of a novelty, to put it mildly, [illegible] supporting a Democrat for the Presidency, and such a democrat as William R. Hearst at that. We hope New England will be spared that spectacle.—Kennebec Journal.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c. at Morrison's drug store.

Quick Arrest.

J. A. Gulledge of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at Morrison's drug store.

Ray Freeman, the Boston & Maine railroad breman, who was injured last Wednesday at Wentworth, died the day following at the Margaret Pillsbury hospital in Concord. He was 25 years of age.

One of the prettiest weddings that Laconia has ever seen was that of the Rev. William Porter Niles and Miss Serena Gertrude Sanders, which took place at St. James' church at 3 o'clock Thursday afternoon. The edifice was filled to the doors long before it was time for the ceremony.

PENCIL AND SCISSORS.

Winston Churchill, the novelist, is apparently lazier than sin. He has resigned his commission as one of Gov. Bachelder's tin soldiers on account, it is surmised, of the arduous duties connected therewith. The NEWS is ashamed of you, Winston! Just see what Gov. Bachelder has to attend to? First and foremost he officiates as Governor, assisted, of course, by brother-in-law Putney, who attends to the appointment of high-salaried officials and will continue to do as long as his supply of relatives holds out. Then Mr. Bachelder acts as secretary of the State Board of Agriculture, to which is attached a salary of $1,500 and $4,500 more for expenses. He is also a member of the State Board of Cattle Commissioners, lecturer of the National Grange, master of the State Grange, and commissioner of immigration. As he is supposed to be a farmer, he no doubt puts in from twelve to fourteen hours per day tilling the soil. And still no one has heard him complaining of overwork and threatening to give some of the other patriots one or more of his many jobs.

How a Virginia Congressman Cinched One Vote for Life by His Thoughtful Kindness.

Not long ago, just as Representative Jones, of Virginia, was getting into bed at the Hotel Varnum in Washington, a bellboy came to his room and

HAD RUN AWAY FROM HOME.

told him there was a young man to see him downstairs.

Dressing rapidly, Mr. Jones went down to the parlors, and there found Miss Ellen B. Robinson and Frank Kinnier, of Essex county, Va. They had run away from home, taken a train out of Richmond, and had hurried to Washington. There was no objection to their marriage, but they wanted to hasten things a little. They had left home ostensibly to take a buggy ride and had driven to the railroad station instead of returning.

When they reached Washington it was late at night, they having been delayed on the road. The only person Miss Robinson knew of in the city was Representative Jones. He fixed matters up all right, and the next morning with the young man he started out to get a marriage license and a clergyman. They were married the next morning in the Varnum hotel parlors.

They declare that the representative helped them out of a disagreeable state of things, and he has one vote "cinched" for life in Essex county.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says, "I had a severe case of Bronchitis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Morrison the Druggist. Trial bottles free. Reg. sizes, 50c., $1.00.

Denman Thompson, of "Old Homestead" fame, is at his hotel in Claremont, suffering from a severe attack of neuralgia of the heart. His company was billed to play in the opera house Thursday night, but that afternoon, while on the street, Mr. Thompson was taken suddenly ill. Dr. Tolles and Dr. Jarvis were called, and diagnosed the affection as heart trouble. Mr. Thompson was positively forbidden to appear on the stage Thursday night, as the effort might prove fatal.

Catarrh.

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries.

That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.

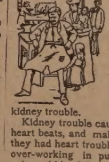
Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.



The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

So eager were the fish to bite that two trout were caught on one line twice in succession.

Farmers cannot do better than to look into the profits of tree planting at this season of the year. There are very few farms in Belknap county but what have acres which would be far more valuable than they are now if covered with trees. The man never yet lived who was too old to plant a tree. If it does not benefit you, those that come after you will get the good of it. In discussing the subject with the NEWS one day this week a well-known and successful farmer said: "Somewhat less than thirty years ago a neighbor of mine paid $30 for eight acres of land which had been denuded of timber. Last winter he cut 120,000 feet of timber worth $9 per 1,000, and about 100 cords of wood, and an equal amount of timber remains standing on the lot." Another instance was quoted by the farmer, who said that a few years ago a well-known resident of Meredith purchased a 50-acre farm for $1,000. At present it is estimated that 200,000 feet of timber can be secured on the property, not to mention the land under tillage, and if allowed to remain untouched for ten years longer there will be at least 300,000 feet of timber on the place. "The owner can dispose of his property today," remarked our visitor, "and his venture will net at least 20 per cent. interest on the money invested."

Peculiar To Itself

Letter to Harry Dow, Meredith, N. H.

Dear Sir: Here's an interesting story about paint. We give you the name of the story-teller; write him and find out all about it.

Mr. John Hanna, grocer, of Girard, Penn., painted his house with Devoe Lead and Zinc Paint. He thought it expensive, but he bought it. After finishing the job, he brought back nearly half the paint and said it was the cheapest job of painting he ever did.

Write to Mr. Burt Young and Mr. E. H. Hiler of the same place. Also to Mr. H. H. Stephenson, cashier of Oil City (Pa.) Savings Bank.

It is the cheapest paint in the world because it is all paint. It covers most surface to the gallon and it wears longest.

There's going to be a lot of this paint used in Meredith. When it gets a foothold it never lets up; and the painter who uses Devoe Lead and Zinc is going to save money for his patrons.

Knows Mi-o-na Will Cure.

George F. Sanborn has Such Faith in this Great Remedy that he Guarantees It.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way Geo. F. Sanborn, the popular druggist, is selling Mi-o-na, the remarkable cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured as with Mi-o-na. People who, a few months ago, looked like walking skeletons, have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.

There is no longer need of anyone suffering or making their friends suffer on account of dyspepsia, for Mi-o-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent, that there is little risk to Mr. Sanborn in guaranteeing to return the money if the medicine does not cure. And he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are cured by Mi-o-na. A few days treatment shows considerable gain in health and a cure speedily follows.

Remember that Mi-o-na is the only medicine for the cure of dyspepsia that is sold under an absolute guarantee to refund the money if it does not give satisfaction. If you are not perfectly satisfied with the results from Mi-o-na, Mr. Sanborn will return your money without any questions.

ASHLAND

May 4.—O. E. Getchell, a prominent stone mason and contractor of Plymouth, died suddenly here this evening. He was on his way to Plymouth when he was taken suddenly ill. Driving rapidly to the residence of Simeon Eastman he managed to get out of his wagon and to request some salt and water, saying that he was suffering from a stomach trouble. Before it could be procured he fell unconscious and died in a few minutes.

Consideration of the town, with Chairman of the Board of Selectmen is $604,245, an increase of $3,484 over last year. The tax rate is $2.00 on $100, an increase of 20 cents on $100 over last year.

Benjamin Nutter is one of the fortunate veterans, having recently had his pension increased $10 per month.

Thursday last was certainly a gala day for Ashland. The occasion being the visit of Governor Batchelder to Squam Lake Grange. Not in several years has Ashland had a visit from the chief executive of the state, and the result was what the boys called a "large time."

NOTICE.

To the Depositors of the Meredith Village Savings Bank of Meredith, N.H.

The law of this state provides that "It shall be the duty of every depositor in any savings bank, and of every shareholder of any building and loan association, to present his book for verification with the books of the bank or association, when notified so to do, at the times fixed by the bank commissioners."

The bank commissioners have selected the month of May in this year as the time for such verification. I have been appointed to examine the depositors' books and compare them with the books of the bank, with the object of correcting any errors that may exist, and for that purpose I shall be at the Meredith Village Savings Bank between the hours of 9 and 12 each day the bank is open during the month of May, unless the work is sooner completed.

You are requested to present your deposit book, or to forward the same by mail or otherwise, to me at the bank at as early a day as convenient, if possible during the first two weeks in May, and so avoid having a personal request sent to you. The book will be immediately returned to you after comparison with your account as kept by the bank.

Steamer Eagle Burned.

The steamer Eagle was totally destroyed by fire at her wharf on Long Island, Lake Winnipesaukee, Sunday afternoon. How the vessel caught fire is a mystery. There was no one on board at the time. Capt. A. L. Hudson, the owner of the steamer, stated that he could not understand how the Eagle caught fire. He had been away from the boat only about an hour. When he left her there was only a little fire in the fire box, and the steam gauge registered thirty pounds of steam. The boat was not insured and carried $2,500 insurance. The Eagle was built in Lakeport by Brown and Wentworth in 1877. She was rebuilt in 1898. She was 97 feet long and 10 feet, 8 inches beam, and was equipped with a compound condensing engine of fifty-horse power. Two years ago a new boiler was put in her which cost $1200. She was licensed to carry 100 passengers. She had not gone into commission this season, but since navigation opened she had been engaged in towing log rafts. Last summer she made regular trips between Lakeport and Melvin, stopping at the various landing between these points.

The last few springlike days seem to have aroused The Weirs from its winter's lethargy. Everywhere signs of the approaching season are in evidence. Several new cottages are being erected, and the hotels are undergoing their annual spring renovation.

"Strength and vigor come of good food, duly digested. 'Force,' a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates." tf
